ImagineTomorrow®
Computer Classes for Kids

Now Offering Customized Birthday Parties!

For an exciting and **new** twist on children's birthday parties, check out Imagine Tomorrow Computer Classes for Kids. This is a unique and interactive party, where we will customize our software for your child! Each party includes one hour, where party guests will be greeted by a "video-voicemail" that will prepare the *computer detectives* for their special Birthday Mission! Then, children will get to enjoy Imagine Tomorrow's custom birthday party software starring your child! Children take home a birthday password to login to software activities for reinforcement at home! Many other special extras included! Your child will have a birthday party that others will "imagine" about, today and "tomorrow!"

Now at M.A.T.S.S. Kids' Gym!

1 1/2 Hour Computer Party!

Ages 4 - 8 years!
